

Established in 2013 as a 501(c)(3) non-profit organization, The Foundation's mission is to promote activities that are designed to enable our youth to reach their full potential and become successful productive citizens.

The Foundation has provided more than \$50,000 in scholarships for over 40 graduating HS seniors to attend 4-year institutions.

Your support of the Foundation's scholarship fund is an investment in our young men and women who require financial assistance to pursue their dreams of achieving a college education.
